

REMARKS

The Examiner has required an election in the present application between:

Species I, illustrated in Fig(s). 1-7; and

Species II, illustrated in Fig(s). 8-12.

During a telephone interview with the Examiner on December 30, 2008, Applicants' representative noted that Figs. 8-12 are not directed to a second species as set forth in the Election of Species Requirement. Rather, Figs. 8-12 show a second component of the present invention. Accordingly, the Examiner agreed to withdraw this requirement as indicated in the Interview Summary, Paper No. 20081230.

To the extent that an election is deemed necessary to be fully responsive to the Election of Species Requirement, Applicants elect, with traverse for the reasons set forth above, Species I. Claims 21-51 are directed to the elected species.

Should there be any outstanding matters that need to be resolved in the present application, the Examiner is respectfully requested to contact Chad D. Wells, Registration No. 50,875 at the telephone number of the undersigned below, to conduct an interview in an effort to expedite prosecution in connection with the present application.
